Professional Summary

BBA graduate in Marketing & Supply Chain with strong hands on experience in logistics coordination, full stack development, and startup environments. Proven ability to lead multifunctional projects, develop scalable tech solutions, and manage supply chain processes. Passionate about solving real world problems through critical thinking and creative use of technologies and operations.

Education

Al Akhawayn University - BBA in Marketing & Supply Chain Management
GPA: 3.5

Ifrane, Morocco
Sep 2021 - Jun 2025

Relevant Experience

Genpharm | Supply Chain & Logistics, Intern Dubai, United Arab Emirates | June 2024 - July 2024

- Gained observational & hands-on exposure to pharmaceutical logistics for GCC markets; shadowed operations and regulatory teams for 100+ hours.
- Documented and revised SOP checklists to align with best practices for handling and transportation of sensitive medicines within the GCC.

eProgram | Full-Stack Web Developer, Intern Casablanca, Morocco | Dec 2023 - March 2024

- Improved user accessibility and load speed by 23% by engineering dynamic HR portals (OCP, RAM) using Next.js.
- Adapted quickly to a new tech stack (RemixJS), delivering 1 production-ready module within 3 weeks.
- Developed and adapted new UI related features in an e-commerce store using Remix.js.

Freelancer | Full Stack Web Developer Remote, Morocco | June 2023 - Jan 2025

- Developed and launched 9 e-commerce stores (Next.js) that collectively generated \$40k+ in client revenue.
- Improved performance metrics by ~90% by designing scalable solutions for specific requirements.
- Managed version control with GitHub, ensuring code integrity & effective team collaboration.
- Engaged directly with clients to scope, build, and deploy full stack websites, averaging a project completion cycle of 2 weeks.

DyslexAI | Designer & Developer Morocco & United Kingdom | March 2023 - Feb 2024

- Boosted traffic by ~150% in 2 months by building an SEO-optimized marketing web app using structured content and keyword strategy.
- Attained 4 follow up meetings when I pitched an AI-powered education product to investors at BETT 2024.
- Organized and led an AI hackathon with 100+ participants, mentoring, and judging over a 3 day period.
- Winner of AUI's startup competition (100 participants) by delivering a functional prototype and clear business model in 5 weeks.
